MEMORANDUM FOR DR. W. W. STOCKBERGER

Dear Doctor Stockberger:

There are inclosed herewith in duplicate, lists of employees of the Bureau of Plant Quarantine and the Bureau of Plant Industry, both Washington and field, who should be transferred to the Bureau of Entomology and Plant Quarantine without change in grade or salary effective July 1, 1934. These lists include both permanent and temporary employees. The list for employees now in the Bureau of Entomology was sent you earlier in the day.

It is inevitable that in listing so many employees, especially when a number of personnel actions are now in a pending state, that there should be some omissions and duplications. As these are discovered they will be taken up with Mr. Gladmon who has assured me that we may, at any time in the near future, submit supplemental lists or corrections.

Very truly yours,

Business Manager.

Dear Mr. Gladmon:

Included in a list of employees to be transferred to the Bureau of Entomology and Plant Quarantine effective July 1, 1934 are a number whose salaries will be paid from appropriations under the control of the Division of Plant Disease Eradication and Control. Since this division has both regular and PWA funds it was impossible to indicate the actual appropriation from which employees would be paid.

The following employees who are now paid from regular funds will, after July 1, be on NRA funds and I should appreciate your making the necessary adjustment in your records to indicate this.

UNITED STATES DEPARTMENT OF AGRICULTURE
BUREAU OF ENTOMOLOGY
WASHINGTON, D. C.

June 26, 1934.

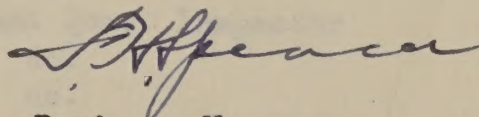

MEMORANDUM FOR DR. W. W. STOCKBERGER

Dear Doctor Stockberger:

There are inclosed herewith in duplicate, lists of employees of the Bureau of Plant Quarantine and the Bureau of Plant Industry, both Washington and field, who should be transferred to the Bureau of Entomology and Plant Quarantine without change in grade or salary effective July 1, 1934. These lists include both permanent and temporary employees. The list for employees now in the Bureau of Entomology was sent you earlier in the day.

It is inevitable that in listing so many employees, especially when a number of personnel actions are now in a pending state, that there should be some omissions and duplications. As these are discovered they will be taken up with Mr. Gladmon who has assured me that we may, at any time in the near future, submit supplemental lists or corrections.

Very truly yours,

Business Manager.
